PLANTS READY FOR EXPERIMENTERS

OFFICE OF FOREIGN SEED AND PLANT INTRODUCTION

U. S. DEPARTMENT OF AGRICULTURE.

1924 - 1925

Indicate plants desired by placing check marks to the left of the Seed and Plant Introduction numbers of those selected. It is to the advantage of experimenters to return the check lists promptly. The Annual List should be kept for future reference.

These lists are for the use only of persons who have qualified as experimenters with this Office. If you do not wish to receive and care for experimental plants this year, please return the lists in the accompanying envelope. No notes or requests should be written on the check lists.

SPECIAL NOTICE

Herein are listed the seeds and plants available for experimenters this season for planting on their own grounds.

Plants are sent from our introduction gardens by express collect. Express charges should not be excessive unless a large number of plants are sent from a distant garden. If the plants are small and only one or two are requested, they will be sent by mail. Where possible, plants will be sent from the garden nearest the address given by the applicant.

Plants as a rule are shipped from the introduction gardens from December 1 to not later than April 15. Please state in the space provided for that purpose when you will be ready to receive and properly care for the plants requested. This information will enable us to send plants to those who can care for them before the regular planting season. We have no facilities for holding plants after April 15. Return only the part of the list on which you have checked plants.

PLEASE WRITE YOUR NAME AND ADDRESS LEGIBLY IN THE SPACES PROVIDED FOR THEM AT THE HEAD OF EACH CHECK LIST.

DO NOT FAIL TO SUPPLY THE FOLLOWING INFORMATION IF YOU WISH PLANTS ON THIS LIST.

Name _____ : Mail Address _____

: _____
